

## TREND

### BT PORTABLE IPX6 SPEAKER

TREND is a high-performance waterproof portable BT speaker (IPX6), ultra-small dimensions and weight with high portability offering dynamic and immersive stereo sound. This speaker is equipped with 2 full-range speakers, 2 passive radiators and a rechargeable lithium-ion battery with a capacity of up to 15 hours of playtime. It's a perfect solution to take with you anywhere as well as at home! You can even create your stereo system wirelessly by pairing two TRENDs using TWS (True Wireless Stereo) technology.
